

Name:		Project Group (Name/Number):			
This activity log is for you to document your contributions and ideas you have done towards your final group project. This will be submitted to your instructors along with your project code. You can document how many minutes you spent working on your code, when you had team meetings outside of the class sessions. Or use this as a way to take notes for your own viewing					
Week:	Date:	Activity/Task:	Time spent on Activity (in minutes):	Completed?	Notes:
7	16/8/2022	Spoke with the group outside of the session to discuss our ideas. Ideas to use for the project are gym membership database	30 minutes	Yes	EXAMPLE
9	27/04/23	Jody set up Miro board with several frames, Git repo, google sheets etc	45	Yes	Ideas: game, to do list, mood/health tracker
9	28/04/23	Jody added more content to the Miro board	30	Yes	
9	30/04/23	Team meeting to finalise ideas	60	Yes	
9	30/04/23	Jody built initial_db_and_web_link branch	45	Yes	
9	30/04/23	Melissa - app research	120		
10	01/05/23	Team meeting	45	Yes	
10	02/05/23	Jody added to Google Doc for HW2	30	Yes	
10	02/05/23	Jody did some work on the pseudocode	30	Yes	
10	03/05/23	Melissa - Created sleep tracker and calendar wireframes	40	Yes	
10	03/05/23	Melissa - Created sleep tracker prototype	180	Yes	
10	03.05.23	Georgie wrote the initial outlay for HW2 which she the posted in the slack channel	60	yes	
10	03/05/23	Melissa - Contributed to Miro board	60	Yes	
10	05/05/23	Jody did about 4 hours on the initial_db_and_web_link stuff	240	Yes	
10	05/05/23	Rada created ERD diagram for database	60	Yes	
10	05/05/23	Georgie created an architechture diagram	60	Yes	
	06/05/23	Melissa - integrated sleep tracker with flask	45	Yes	
10	06/05/23	Jody started again - flask_db_link_again	240	Yes	
10	07/05/23	Team meeting, not all could attend	30	Yes	
10	07/05/23	Jody got the initial routes and forms working, plus date_and_mood branch	60	Yes	
10	07/05/23	Jody built a navbar, but realised we were splitting things over too many pages, so abandoned	45	Yes	
10	07/05/23	Rada created a spreadsheet of possible function approaches and pseudocode for each function	90	Yes?	
10	07/05/23	Rada started to create some tables in the code using the ERD.	60	Yes	
11	08/05/23	Melissa - integrate sleep tracker end points with main.py	15	Yes	
11	08/05/23	Jody and Rada got the table relationships set up and inserting all the basic data plus query for viewing the data on the web	120	Yes	
11	08/05/23	Team meeting	60	Yes	
11	08/05/23	Jody made tracking_one_page branch which gets all the tracking data entering and writing to db, plus basic nav links	90	Yes	
11	08/05/23	Rada - suggested using a WeatherAPI in the project so that we could change the webpage background based on current weather. Rada has gotten the WeatherAPI working on the weather branch and is returning the weathercode.	120	Yes	
11	09/05/23	Khadija wasn't available from 5-8th May. Started graph research	120	Yes	

11	09/05/23	Rada was able to get image URL returned based on weathercode	120	Yes	
11	09/05/23	Rada was able to get image shown on webpage at the bottom using absolute path and linking it (trying to figure out how to get it full screen)	60	Yes	
11	10/05/23	Khadija fixing her Git connection	120	No	
11	10/05/23	Rada managed to get the html and css working to show a full screen weather image (+ added some extra styling for accessibility)	60	Yes	
11	10/05/23	Rada - reformatted weather.py for better readability and functionailty (e.g. creating functions to return specific image_url based on weathercode which is called upon in the main function that gets the weathercode from the API)	120	Yes	
11	11/05/23	Melissa - split forms into own file	10	Yes	
11	11/05/23	Georgie started to write a basic link to front end in pycharm	120	Yes	
11	12/05/23	Rada - managed to get the background image (that depends on weather/weathercode) to show up in html by linking using flask (so weather.py find_weather() is ran first then image url return from that is linked to html style via flask)	120	Yes	
11	12/05/23	Rada - updated selection of weather images to allow for better experience	60	Yes	
11	12/05/23	Rada - played around with some basic css for other webpages and reformatted some html files	90	Yes	
11	13/05/23	Jody trying to get all the code from main.py into individual files (issues with circular imports)	60	Yes	
11	13/05/23	Melissa - worked on calendar, css grid	120	No	
11	13/05/23	Melissa - split code from main.py into individual files	60	No	
11	14/05/23	Melissa - split code from main.py into individual files	180	yes	
11	14/05/23	Jody - reviewing Melissa's PR and merging back to main	30	Yes	
11	14/05/23	Jody getting login, logout, session variables, tracking records being assigned to user that is logged in	120	Yes	
11	14/05/23	Jody got basic navbar built and working	60	Yes	
11	14/05/23	Khadija fixed Git with Stavros help	80	Yes	
11	14/05/23	Rada - planning on how to work on styling for everything built so far including newest nav bar	60	Yes	
11	14/05/23	Team meeting - all attended	60	Yes	
11	14/05/23	Jody - added some extra data to extra_data branch and tweaked query for displaying data	30	Yes	
11	14/05/23	Rada - reformatted the html files for consistency and allows for easier use for css styling	60	Yes	
11	14/05/23	Rada - redid the css styling from scratch again due to html updates (included styling for navbar, header, body, footer, different sections)	180	Yes	
11	14/05/23	Georgie finished her inital link to front end and rubber ducked it with the group, managing to get it merged into main branch and working with the group	160	yes	
11	14/05/23	Rada - added styling to flask form formatting	90	Yes	
11	14/05/23	Melissa - Emoji Calendar	120	No	
12	15/05/23	Melissa - Emoji Calendar	60	No	
12	15/05/23	Rada - making multiple adjustments to the html and css of the forms (register, tracking, logout, flask messages)	180	Yes	
12	16/05/23	Khadija created initial draft of report	120	Yes	
12	16/05/23	Jody - Utils research	30	Yes	
12	16.05.23	georgie worked through adding session variable to her code by watching a video that Jody sent her	60	Yes	
12	17/05/23	Rada - fixing styling issue with flask flash messages	30	Yes	
12	19/05/23	Melissa - Emoji Calendar	60	No	

12	19/05/23	georgie finally got the session variable successfully working in the code	45	Yes	
12	20/05/23	Melissa - Emoji Calendar	60	No	
12	21/05/23	Melissa - Emoji Calendar	240	No	
12	21/05/23	Jody - looking at final report	30	No	
12	21/05/23	Georgie writes initial testing, however whilst the tests run they fail	240	Yes	
12	21/05/23	Georgie sends failing tests to Khadija to look over	15	yes	
12		Khadija - writes testing for the forms document - no longer required	120	Yes	
12	21/05/23	Jody - query for user to look at own data, emoji on the tracking form	45	Yes	
12	21/05/23	Jody and Khadija attended team meeting, others did not so abandoned	15	No	
13	22/05/23	Melissa - Emoji Calendar	60	No	
13	23/05/23	Jody and Rada meeting, as no one else attended (decided to stop with graph extension as deadline was getting closer)	60	Yes	
13	24/05/23	Jody, form validation, extra data, testing	120	No	
13	24/05/23	Jody and Rada meeting, no one else attended, got tests written and working, worked out plan for report	60	Ish	
13	24/05/23	Rada refactored weather.py to allow for more another functionality to be tested	30	Yes	
13	25/05/23	Jody updated ReadME	15	Yes	
13	25/05/23	Jody wrote final report first draft	240	Ish	
13	25/05/23	Team meeting for everyone	30	Yes	
13	25/05/23	Melissa - worked on calendar tests	60	Yes	
13	25/05/23	Georgie writes 2 more tests on logging in/out and also tracking invalid submission, however can only get them to partially pass	160	Ish	
13	26/05/23	Rada - created an extra test for response_code function to test that Exception is raised as expected	30	Yes	
13	26/06/23	Khadija working on final draft of report	120	Yes	
13	26/05/23	Jody tidying code, adding content to website, trying to improving styling (and failing)	90		
13	26/05/23	Georgie updates group report testing section	25	yes	
13	26/05/23	Final team meeting - all attended	30	Yes	
13	26/05/23	Jody - final code tidying	15	Yes	
13	26/05/23	Melissa - worked on calendar tests	90	Yes	
13	26/05/23	Melissa - contributed to and edited report	45	Yes	
13	26/05/23	Rada - added more writing to the final report	90	Yes	
13	26/05/23	Rada - had to fix styling issue with table in my_user_data as someone made changes to table styling in css which only affected the table in user_data and so the table in my_user_data was not taking on any styling	120	Yes	
13	26/05/23	Melissa - Emoji Calendar	150	Yes	
13	27/05/23	Melissa - Emoji Calendar	270	Yes	
13	27/05/23	Jody, - review final PRs, proofread report, updates screenshots and submit all files	60	Yes
